Cheetah is in Tanzania Now

**Learn About Investment Opportunities
Donations Needed
Looking for Help**

**Cheetah is Back in Tanzania
NOW!**

At present Cheetah is in country attending meetings and building new connections and alliances within the banking system, university and government system, church hierarchy, and business sector. The heat and humidity that is present at this time of the year, was not enough to dissuade one of Cheetah Development's board members, Dr. Mark Ereth of the Mayo Clinic, and Cheetah's Vice President of Development, Russell Myers, as well as Randy Hagland from Crossroads Community Church, a partner church of Cheetah, from agreeing to travel to Tanzania to experience firsthand the beauty of the country and all the business possibilities. Also traveling over will be representatives from GSI, an international grain storage company, who will be looking at possibilities of involvement in the village projects.

Pray that all elements work together for the good of the Tanzanian people.

Warmest Greetings to all our friends and supporters

Our hope and wish is that you are all enjoying the last days of Fall as Thanksgiving and the holiday season approaches. With the shifting colors and the falling temperatures, we at Cheetah are excited about all that is transpiring. This latest newsletter is intended to energize and motivate you as well. Thank you for taking the time to read its contents.

You Can Now Make Investments in Cheetah

Cheetah is offering you ways to diversify your savings and investments into serving others. Part of your money can be working to improve conditions for some of the poorest people on earth while the rest can be working for you.

We don't give handouts. We require repayment of our investments in the country, at below market rates. Repayment is the discipline to becoming profitable. Profitability equates to sustainability. The work we do will have lasting impact, and we pay you back.

We are providing two ways to invest. Choose between 'The Mustard Seed Fund' or 'The Garden Fund'. Whether the desire is to finance an entire project or pool your money with other investors across many projects, the two different programs each allow investors to choose the terms of their investment. A project may require from \$5,000 to \$500,000 USD, and we are looking to raise \$2,000,000 right now. We are well on our way to that goal.

To better understand this unique opportunity, click on [Invest Now](#) to read about each program and the accompanying documentation necessary to learn about terms, amounts, requirements, and risks.

Multiply Your Donations

The opportunity to actually invest and see returns on that investment is exciting. In order for the projects to move forward, Cheetah needs donations to support the delivery and management of investments and all of the required technical support. We estimate that every \$1 of donations delivers \$4 of investment and \$2 of technical support. Counting the \$1 donation and its \$6 impact, that equals a \$7 net gift to Cheetah's mission. Your donation has such POWER!

We need your seed money now to continue our forward motion. We have made it easier for you to donate online through the secure PayPal system. Click [Donate Now](#) to go directly to our donation page. You may also mail a check made out to Cheetah Development, Inc. and sent to:

Cheetah Development
906 First Street East
Hastings, Minnesota 55033

Pray for safe travels.

Pray for the funds to come in and all the various entities to mesh in unison.

Pray for more people to get on board with Cheetah's mission.

Pray for success!

Cheetah Needs Your Involvement

We need your expertise and networking skills. Not only can you donate and invest, you can also help by offering us your knowledge and contacts.

Cheetah's initial project can be reviewed again by clicking on [Projects in Development](#). We need assistance with any input, information, resources, contacts, skills, or ideas in the fields of bike design, factory design, corn sheller concept or invention, silos, grain elevator management, milling of grain, tea leaf harvesting, canning product and knowledge....on and on.

Even if you don't see how you might help, please share your interest and let us know of your experience and skills.

Contact lonnie.menard@cheetahdevelopment.org or call us at 612-382-3533.

Be an influential part of the changes that are occurring in Tanzania. Brain storm for anyway you can be of tangible help in Cheetah Development's efforts.

So much is needed and only through your support and help will our goals be accomplished. In the last several weeks Cheetah has been fortunate to acquire the skills of our newest staff member, Russell Myers, Vice president of Development. Giving us his time and his talents, he is working towards finding the needed funds to get all Cheetahs' projects off the ground. We welcome him and thank him for his compassionate heart and willing spirit. In a subsequent newsletter he will be introduced in a grander style.

Church's are beginning to partner with Cheetah's efforts and we continue to look for other congregations who are willing to commit themselves to a continued sponsorship of Cheetah.

There are so many opportunities to pair with us. Please consider passing this newsletter on to a friend using the forward link at the bottom of this newsletter.

All donations are welcome and needed. No amount is too small or insignificant. We are hungry to get all the projects started. Please help us.

Have a most wonderful Thanksgiving.

Sincerely,

Lonnie Menard
Executive Administrator
